SUMMARY

Business Operations and Customer Experience leader with 5.7 years in hyper-growth consumer tech, partnering with the Founder's Office to drive revenue retention, customer experience and operational efficiency. Experienced in building functions from zero and scaling them through data, process design and AI automation.

KEY HIGHLIGHTS

- **₹1 Cr+ revenue protected** in 6 months through a refund-retention program
- **Built the CX function 0 → 1:** 12-member team, SOPs, NPS program and metrics framework
- **2x NPS (~20 → 40)** with **CSAT sustained above 4.5**
- **3 promotions in 5 years** and **2x Top Performer** (Physics Wallah 2025, BYJU'S 2021)

PROFESSIONAL EXPERIENCE

Physics Wallah (PW Skills) | Bengaluru, India

Manager – Customer Experience, Founder's Office

April 2026 – Present

- Own customer experience and retention for a 20+ course business with a **~₹3 Cr monthly sales target**; lead a 12-member team managing **8,500+ customer interactions per month**.
- Designed and run a refund-retention program, retaining **~80% of 80+ monthly refund requests** and protecting **~₹19 L/month**.
- Reduced onboarding issues by **70%** through detractor root-cause analysis, WhatsApp-led customer communication and a self-serve help centre, lowering inbound ticket volume.
- Built the CX metrics framework (cost per contact, AHT, FCR, SLA, missed-call reporting); reduced email first response time from **3 hrs to under 1 hr (90% SLA)** and held **business-hour missed calls below 10%**.
- Deliver **quarterly business reviews to CXOs**; built KPI dashboards tracking **12 offline centres across 8 cities**.
- Benchmarked **15+ competitors** on pricing and offerings, informing **new customer policies and AI-led portfolio changes**.
- Automated assignment evaluation using AI, reducing turnaround from **5 days to 12 hours (~90% faster)**.

Assistant Manager – Operations

July 2024 – March 2026

- Managed end-to-end program operations for **1 Lakh+ customers across 20+ cohorts**, sustaining **90% program completion** through KPI dashboards (Excel, Power BI, SQL) and early drop-off interventions.
- Led **cohort launches and go-to-market** for new courses, including website listings, batch setup, class scheduling and LMS content, in coordination with academic, product and business teams.
- Coordinated mentors across all cohorts, managing schedules, session delivery and issue resolution.
- Built the customer support function from scratch; **hired 8 associates** and established SOPs and ticket routing.
- Launched the **NPS program (Jan 2025)** with detractor call-backs, increasing survey response rate by **50%**.

BYJU'S | Bengaluru, India

Associate → Senior Associate → Assistant Manager, Product Operations

Jan 2021 – July 2024

- **Promoted twice**, from Associate to Assistant Manager.
- Managed **70+ freelance evaluators** with **~₹17.5 L in monthly payouts (~₹2 Cr annually)**, overseeing onboarding, quality, turnaround, invoicing and payments.
- Coordinated free webinars with IAS officers for the UPSC vertical, a key **acquisition channel driving course sales**.
- Managed service delivery for multiple UPSC program cohorts in partnership with academic, product, support and business teams.
